FOR PROFESSIONAL USE

Consult the technical specifications available at www.benfer.it

Benferclean Strong is a buffered concentrated acid cleaner that contains corrosion inhibitors and is suitable for cleaning cement encrustations, limestone, frosting on masonry surfaces, ceramics, stoneware, hardened concrete and bathroom fittings.

Its concentrated formula can be diluted with water as desired. A ratio of 1:5 is sufficient to dissolve encrustations rapidly.

LIMITATIONS: Do not use Benferclean Strong on surfaces that could be damaged by acid, like marble or terrazzo (including reconstituted products), since it could cause unsightly opaqueness and corrosion.

Do not use on tiles or other glazed surfaces if the glaze is not acid-resistant.

Do not use on metallic surfaces.

CONSULT THE TECHNICAL SPECIFICATIONS AVAILABLE AT www.benfer.it

PRODUCT TECHNICAL DATA

APPEARANCE	YELLOW-GREEN LIQUID
CONSERVATION	12 MONTHS IN ITS ORIGINAL PACKAGING
DILUTION RATIO WITH WATER	ANY RATIO
RECOMMENDED DILUTION RATIO	1:5
COVERAGE	50-100 g/m ²
APPLICATION TEMPERATURE	FROM + 5°C TO + 35°C
DENSITY	1,05 Kg/cm ³
pH	APPROX. 1
FLAMMABILITY	+ 180°C
DAANGER OF HARM	IRRITATING TO EYES AND SKIN. USE SAFETY GOGGLES AND WEAR SUITABLE PROTECTIVE CLOTHING.

data collected at 23° and 50% of r.h.
