

BENFERPOLISH

ECOLOGICAL BEESWAX CREAM FOR MARBLE AND NATURAL STONE

- POLISHES AND REINVIGORATES WITH DEEP-DOWN NUTRITION, POLISHED MARBLE AND GRANITE SURFACES
- LONG-LASTING DUST PROTECTION
- IDEAL FOR BATHROOM TOPS, KITCHEN TOPS, SHELVES AND POLISHED MARBLE WINDOWSILLS

Benferpolish is an ecological cream based on beeswax and water, formulated to keep marble and polished natural stone shiny and bright.

Regular use helps maintain the original brightness of the surface over time, protecting it from, or delaying the damaging effect of substances with which the surface comes into contact during daily use.

This does not mean that Benferpolish protects from stains caused by the absorption of liquid or oily substances or by stains caused by contact with acidic substances.

For protection from stains due to absorption of liquid or oily substances we recommend previous treatment with Benferstain Stop (water-based protective impregnating agent) which prevents or delays the absorption, while there are no known protections from stains caused by acid substances.

Warning

Store at room temperature with the container well closed.

Wear latex gloves.

Keep out of reach of children.

CONSULT THE TECHNICAL SPECIFICATIONS AVAILABLE AT www.benfer.it

PRODUCT TECHNICAL DATA

APPEARANCE	BEIGE FLUID CREAM
CONSERVATION	IN ITS ORIGINAL PACKAGING, WELL-CLOSED AND KEPT AWAY FROM FROST
DURATION	12 MONTHS
DANGER OF HARM	NO
FLAMMABILITY	NO
