• STAINPATROL PRO

Stainpatrol Pro is a protective coat designed to protect low-absorption polished porcelain stone surfaces from stains.

It penetrates and binds perfectly in the superficial micro-cracks on mirror-finish low-porosity materials.

Ideal for protecting floors in marble and polished granite, sandblasted or coated.

Invisible and it does not alter the original colour or appearance of porcelain.

It does not form a film or turn yellow and is not removed by normal neutral detergents.

Warning

Store at room temperature with the container closed well.

Wear latex gloves.

Keep out of reach of children.
